---

Free Sheikh Zakzaky Protest took place in Kano city on Saturday the 6th of July 2019. The protesters called for the release of Sheikh Zakzaky whose doctors said his health is in serious state which requires urgent attention.

The percentage of lead poison in his blood stream is at extreme level which can cause problems to his other organs. The protests have been intensified in various places in Nigeria calling on Buhari to free the leader at least on health ground. In 2016 Justice Kolawale of Federal High Court Abuja passed judgement in favour of Sheikh Zakzaky asking the Government to free him within two months. The Government defied the court verdict in addition to several calls from National and International bodies.
